

## Prioritisation Framework Consultation and Engagement

Northamptonshire County Council is putting a process in place to help make the tough decisions it has to make about what to prioritise – that is, how we share out resources to achieve the best outcomes for our residents and customers. To do this we need to be clearer what we, our residents and partners think is important to bear in mind when deciding between competing priorities. We need your help to clarify our values and principles and use these to develop the framework we will use for prioritising. You can help us in two ways – by completing a survey and/or attending a workshop

1. You can find our survey on the County Council website - [https://www.surveymonkey.co.uk/r/Prioritisation\\_Stage2](https://www.surveymonkey.co.uk/r/Prioritisation_Stage2)
2. You can come to one of 4 workshops that we will be holding around the county, so we can hear from you in person and discuss our principles and values together. Details are available on the Consultation Register - <http://www.northamptonshire.gov.uk/en/councilservices/council/consultations/pages/Details.aspx?cid=e8c54bc6-a119-4233-a316-935654276921&returnpage=%2fen%2fcouncilservices%2fcouncil%2fconsultations%2fadmin%2fpages%2fhome.aspx> and will be in libraries.
